

Rhodé Van Wyk

South-Africa, Pretoria-East | +27 76 851 9561 | vanwykrhode30@gmail.com

Junior front-end-focused developer with hands-on experience building and redesigning real-world web interfaces. Strong emphasis on layout structure, responsive design, and user experience. Comfortable translating design concepts into clean, maintainable HTML, CSS, and JavaScript, and collaborating in Git-based workflows. Actively deepening skills in modern UI styling and component-based front-end development.

WORK EXPERIENCE

ZIMMERSOFTWARE KG

Junior Full-Stack Developer (*Front-End Focus*)

(1 June 2025 – 9 January 2026)

- Developed and maintained production web interfaces using HTML, CSS, JavaScript, and PHP, with a strong focus on front-end structure and usability.
- Redesigned and refined multi-page layouts, improving visual hierarchy, consistency, and responsiveness across screen sizes.
- Worked closely with existing designs and evolving requirements to modernize the look and feel of ZimmerSoftware.
- Used browser developer tools to debug layout issues, styling conflicts, and client-side behavior.
- Collaborated using Git and GitHub, contributing to branching, merging, and cleaner version-control workflows.
- Assisted in improving code readability and maintainability through refactoring and regular updates.
